

Dear Parents/Carers

Attached are a list of parental consents and information required by school to keep our records up to date.

**Allergies Database:** It is essential that that we have accurate records at school with regard to any allergies your child may have.

**Children's Photographs:** From time to time there are some exciting things happening at school in which your child may be involved. Occasionally these events are published in our newsletters, the local newspapers or the school website with the children's photographs. Only first names of the children are mentioned.

**Local Visits Reply Slip:** During the school year, children will from time to time make some local trips as part of the work that they do in school. We require your permission for your child to take part in these visits as and when they take place.

**Use of the Internet:** Here at Sydenham Primary, our teachers use the internet extensively as a teaching tool and sometimes require children to find information on the internet (under supervision). The children may also be allowed to use the internet during wet play times and reward time. As the internet is being used by primary aged children, it is restricted and there are fire walls in place.

Please complete the attached slip giving permission for your child to use the internet at school. If you have any concerns about your child using the internet, please make an appointment to speak to his/her teacher about this matter.

**Dietary Requirements** It is extremely important for us to know if your child has any special dietary requirements or allergies. Please complete the attached slip to inform us if there are any foods your child should not eat.
